

OSGF PRESS RELEASE

We must work together for the nation; SGF, Boss Mustapha urges State Governments.

The Secretary to the Government of the Federation, Mr. Boss Mustapha has called for Synergy between the various arms and tiers of Government to achieve national growth and socio-economic development.

Speaking at the First Quarter 2018 edition of the Forum of the secretary to the Government of the Federation with Secretaries to the Governments of the States, in Yola, Adamawa State on Monday 25th March 2018, he noted that the problems confronting the nation has no respect-for geographical boundaries or political affiliations. "We therefore require collective efforts to surmount these challenges in order to ensure peace, security, progress and prosperity for our people", he stressed.

He stated that for a "country to develop and succeed all arms and tiers of government need to work together. We live in a world where collaboration and innovation play a central role in creating enabling environment for political, social and economic growth".

He urged the forum to deliberate on the National Social Investment programme and the Anchor Borrowers Programmes of the Federal Government to jointly assess their implementation, and challenges in the states. The Forum of the Secretary to the Government of the Federation meets quarterly to deliberate on issues of national importance, with crosscutting impact on the three tiers of Government.
